Description

High performance, professional unit specifically designed for rigorous domestic, industrial and agricultural use. Ideal for an extremely wide range of applications including cars, 4x4s, tractors, motorbikes, ATVs, patios and decking.

Features

- Fitted with a 2100W induction motor with a 420ltr/hr water flow rate and a maximum pressure of 140bar.
- Features Automatic Total Stop System (TSS) which switches the motor on and off when the lance trigger is operated, prolonging the motor life.
- Features innovative accessory storage on back of unit and 8mtr high pressure hose reel ensuring the unit stays clutter free and fully mobile.
- Fitted with brass fittings, aluminium head, integral pressure gauge and water filter system.
- Supplied with 1.2ltr built-in adjustable detergent tank, variable nozzle and Rotablast Nozzle® which helps develop the same effective cleaning power (ECP) as a 240bar/3485psi pressure washer.

Specification
