Description

Semi-professional, heavy-duty unit designed for extensive domestic and light commercial use. Ideal for a range of applications including cleaning vehicles, commercial equipment, motorbikes, patios and decking.

Features

- Fitted with a powerful 2500W motor with a 438ltr/hr water flow rate and a maximum pressure of 170bar.
- Features Automatic Total Stop System (TSS) which switches the motor on and off when the lance trigger is operated, prolonging the motor life.
- Fitted with 5mtr hose reel, accessory storage on back of unit and side mounted gun and lance holder to ensure the unit stays clutter free and fully mobile.
- Features high quality polished chrome and brass fittings.
- Supplied with variable nozzle and Rotablast Nozzle® which helps develop the same Effective Cleaning Power (ECP) as a 275bar/3995psi pressure washer.
- Manufactured with heavy-duty plastic wheels for transportation over rough terrain.
